With us, learning is an experience

SEE FOR YOURSELF

WELCOME!

At the Excellus Academie, you've come to the right place for high-quality training in acute care.

In this brochure, you can learn more about our academy and the programs we offer. We look forward to welcoming you and working together on your professional growth.

The Excellus Academie focuses on the entire acute care chain. We offer both our own training programs and internationally certified and accredited courses. We connect the different links within acute care, because there is so much to learn from and with each other.

WHAT WE STAND FOR...

EXPERIENCE

With us, learning is an experience! We offer students an inspiring and motivating learning environment that encourages growth and development.

SAFETY

During our training sessions, everything revolves around a safe and open learning environment. You'll have all the space you need to practice, make mistakes, and justify your choices — because that's how you learn the most. Our training builds on what you already know and can do. The instructor guides you as an equal: not opposite you, but beside you.

SOLUTIONS

Positive thinking and doing — that's what makes the difference. At Excellus Academy, we focus on solutions, constantly finding and creating new opportunities.

PERSONAL

Personal attention and contact are at the heart of what we do. We aim to provide a learning experience tailored to individual needs and goals. We handle complex challenges and deliver custom solutions for every client.

COLLABORATION

High-quality training arises from collaboration and connection. Excellus Academy fosters these connections by working with healthcare professionals, the fire brigade, and the military, both domestically and abroad. We are the key discussion partner among all stakeholders and ensure continuous evaluation of both process and product.

OUR TRAINING OFFER

Our offer is continuously evolving. The content of this brochure may have been updated. Visit our website for the most current course offerings from Excellus Academy.

RESUSCITATION

Basic Life Support (BLS)

Training focused on learning the basics of adult resuscitation, including the use of an AED.

2,5 uur. NRR Accredited

[Check the dates and sign up!](#)

Immediate Life Support (ILS)

A multidisciplinary course providing essential knowledge and skills for all roles involved in advanced resuscitation. Closely aligned with the ALS course, but focused on core knowledge and practical skills.

1 day NRR/ERC Accredited

[Check the dates and sign up!](#)

Advanced Life Support (ALS)

A multidisciplinary, specialized resuscitation training focused on learning advanced team-based resuscitation.

2 days NRR/ERC Accredited

[Check the dates and sign up!](#)

ALS Refresher

After obtaining your ALS certificate, skills must be refreshed regularly to maintain competence. Research shows that resuscitation skills decline relatively quickly. Within two years of completing an ALS Provider Course, you can follow this refresher and advanced training.

1 day NRR/ERC Accredited

[Check the dates and sign up!](#)

Newborn Life Support (NLS)

A specialized course providing theoretical and practical instruction on basic airway support for newborns during the first 10–20 minutes after birth.

1 day NRR/ERC Accredited

[Check the dates and sign up!](#)

European Paediatric Advanced Life Support (EPALS)

Deepen and broaden your knowledge and skills in caring for critically ill or severely injured children. The focus is on team management and non-technical skills.

2 days NRR/ERC Accredited

[Check the dates and sign up!](#)

Abdomen

Through clinical reasoning, learn to connect abdominal symptoms with underlying problems. This multidisciplinary course discusses surgical, internal, urological, and gynecological pathology.

1 day EX Certificate Accredited

[Check the dates and sign up!](#)

In-depth Acute Care

A multidisciplinary, interactive course to deepen your knowledge of topics such as airway management, cardiac scenarios, and effective communication. After this day, your knowledge will be spot-on again!

1 day EX Certificate Accredited

[Check the dates and sign up!](#)

Thoracic Complaints

Do you know what lies behind chest pain? In this multidisciplinary course, you'll learn to take a broad view through anatomy, physiology, and differential diagnosis.

1 day EX Certificate Accredited

[Check the dates and sign up!](#)

Minor Ailments, Major Concerns

Small complaints can sometimes cause major concerns — but not when you know how to recognize the “red flags.” This multidisciplinary course includes practical exercises where you directly apply your knowledge.

1 day EX Certificate Accredited

NON-TRAUMA

TRAUMA

Trauma Nursing Core Course (TNCC) Provider

The only internationally recognized course for nurses to learn how to provide high-quality trauma care to adult patients. Includes clinical reasoning and nursing leadership.

🕒 2 days 🏆 ENA ⭐ Accredited

Check the dates and sign up!

TNCC Refresher

A condensed version of the TNCC Provider course, intended for nurses renewing their TNCC certification.

🕒 1 day 🏆 ENA ⭐ Accredited

Check the dates and sign up!

Emergency Nursing Pediatric Course (ENPC) Provider

The only internationally recognized course for nurses to learn interventions for children after trauma or acute illness. Includes clinical reasoning and nursing leadership.

🕒 2 days 🏆 ENA ⭐ Accredited

Check the dates and sign up!

ENPC Refresher

A condensed version of the ENPC Provider course, intended for nurses renewing their ENPC certification.

🕒 1 day 🏆 ENA ⭐ Accredited

Check the dates and sign up!

Musculoskeletal System

A full day focused on deepening and broadening your knowledge, skills, and examination techniques related to the extremities and musculoskeletal system. Suitable for every (acute) healthcare professional.

🕒 1 day EX Certificate ⭐ Accredited

Check the dates and sign up!

SPECIALIZED

ICU-Experience

The first comprehensive refresher training for every ICU nurse. Three main themes are covered: ventilation, circulation, and continuous renal replacement therapy.

🕒 2 days EX Certificate ⭐ Accredited

Check the dates and sign up!

Evening Training ICU-Experience

In three bookable evenings, we guide you through the latest insights in ICU themes: ventilation, circulation, and CRRT/renal replacement therapy.

🕒 Half day EX Certificate ⭐ Accredited

Check the dates and sign up!

Anesthesia-Experience

Reason using patient data, pharmacokinetics, and pathology. Join workshops on ultrasound-guided IV insertion and difficult airway management. Reflect on OR communication and your response to acute incidents.

🕒 1 day EX Certificate ⭐ Accredited

Check the dates and sign up!

Evening Training Anesthesia-Experience

In three bookable evenings, you'll learn more about a patient's surgical journey. The evenings are interactive, with simulation training and varied work forms.

🕒 Half day EX Certificate ⭐ Accredited

Check the dates and sign up!

DID YOU KNOW OUR TRAININGS ARE ALSO AVAILABLE IN BELGIUM AND GERMANY?

SPECIALIZED

Basic Intermediate Complex Ambulance Care

A versatile course providing the foundation for your daily MC ambulance work. Focus on NRR BLS and reserved & high-risk procedures. Includes an engaging escape exercise on completing your DRF.

🕒 1 day EX Certificate ⭐ Accredited

Check the dates and sign up!

Advanced Intermediate Complex Ambulance Care

Deepens your understanding of the ABCDE method: which patients seem stable during transport? What are “normal vital signs”? Apply this knowledge directly in scenario exercises.

🕒 1 day EX Certificate ⭐ Accredited

Check the dates and sign up!

Advanced High Complex Ambulance Care

Scenario-based training directly aligned with daily ambulance practice, with extensive focus on communication. This independent and objective course is also suitable as preparation for the National Assessment.

🕒 1 day EX Certificate ⭐ Accredited

Check the dates and sign up!

Digital Trip Report Training

As an ambulance nurse, you complete digital trip reports daily, but do you do it correctly? This training offers practical tools and a legal framework to help you complete your next digital report accurately.

🕒 1 day EX Certificate ⭐ Accredited

Check the dates and sign up!

ASSESSMENT

Assessment of Advanced Procedures (Low, Intermediate, and High Complexity)

Includes theoretical preparation and testing through e-learning modules. Practical assessments take place in the Academy’s simulation room.

Includes theoretical preparation and testing through e-learning modules. Practical assessments take place in the Academy’s simulation room.

🕒 1 Half day EX Certificate ⭐ Accredited

Check the dates and sign up!

HAARLEM

Our Haarlem location features four fully equipped scenario rooms and a large theory room. The scenario rooms are fitted with all amenities for all acute care disciplines. The theory room offers a cozy, welcoming atmosphere.

SPAARNWOUDE

Spaarnwoude is our outdoor training location. Here, various pre-clinical settings can be simulated in lifelike conditions, offering challenging learning experiences for all partners in the acute care chain.

TAILOR MADE

We handle complex challenges and deliver custom solutions for every client. Curious about the possibilities? Contact us with no obligation.

INCOMPANY

Excellus Academy also offers all our training courses in-company. Learning is an experience at any location! Curious about the possibilities? Contact us with no obligation.

WE PROVIDE AN ALL-IN EXPERIENCE!

- A luxury lunch is included in every 1-day training.
- For a 2-day training, a luxury lunch and a 3-course dinner are included.
- During training sessions, we always provide excellent coffee, tea, and soft drinks.
- Would you like to stay overnight at the Carlton Square Hotel opposite Excellus Academy? Book your stay easily through our website.
